The screenshot displays the GoBright PRO DVX room control interface for 'BOARDROOM PARIS' at 13:35. The interface is divided into several sections:

- TIME REMAINING:** A large green circular progress indicator shows 25 minutes remaining.
- CURRENT BOOKING:** A list showing the current meeting: 13:30 - 14:00, Daily Marketing Meeting, by Marc Marketing.
- UP NEXT:** A list showing the next meeting: 15:00 - 16:00, Sales Review Q2, by Sarah Sales.
- ROOM CONTROL:** A toggle switch is turned on.
- INPUTS:** A grid of input options including Wireless Presenting, Computer, Xbox (checked), Laptop HDMI, and Apple.
- VOLUME:** A volume slider is set to 0.
- Bottom Bar:** Includes buttons for '+ Extend', 'x Stop', 'Schedule', 'Report', 'Book', and the GoBright logo.

The background of the interface features a night view of the Eiffel Tower and Parisian architecture.

How to manage a future proof workplace with desk booking

The office environment has changed a lot in recent years and terms such as open spaced working, activity based working and hot desking are frequently heard terms.

However, this way of working is not a one-size-fits-all concept.
